The Trouble Caused by an Effort to Ascertain the Standing of Bellevue Republicans in the Third Legislative Convention-F. M. Francis, of North Abington, Chosen Delegate to the State Convention at Harris-

There was an abundance of fireworks at the convention of the Repub icans of the Third legislative district in the arbitration room of the court house vesterday afternoon.

At 2.40 the convention was called to order by T. J. Matthews, of Spring Brook, in the absence of John McCrin-dle, of Moosle, the chairman of the district standing committee E. CAUSE OF THE TROUBLE. After the list had been called, J Willis Reese, a delegate from the north district of Luckawanna, wanted to know why that portion of the township had not been atked to present creientials. Mr. Holgate in reply said that it was no longer in the district as it had been annexed to the city.

Attorney John M. Harris began a speech in defense of the north district, but Mr. Holgate interrupted him and said he had no right to speak in the convention, as he was not a resident of the Third Legislative district. Mr. Harris denied, but Mr. Holgate persisted that at the last election Mr. Harris had cast his vote in this city. This angered Mr. Harris and springing to his feet he said

"I say you are mistaken when you say I voted in this city at the last elec-

put it."
Mr. Holgate still objected to the admission of the North district delegates into the convention on the ground that it was now a part of the city. Mr. Reese then succeeded in getting the floor and explained that it was the East district and not the North district that hasbeen annexed to the city. Mr. Holgate thereupon withdrew his objections and Mr. Reese handed in the cre dentials of himself, John M. Harris, G. J. Powell and William Jermyn.

Mr. Holgate immediately entered a protest against the East district dela gates being given a voice in the con-

MR. BARRIS PROTESTS.

Mr. Harris entered a protest. He said/ Bellevus is still a portion of the Third Legislative district and that nothing has been done to disturb its relations with the district. Mr. Holgate claimed that owing to the peculiar situation of affairs in the East district the voters had abstained from holding primaries and that therefore there kind ever known, ould be no duly authorized delegates from that district in the convention, They know enough to protect their rights, continued the speaker, "with-out seeking the advice of a pot-house

politician and fourth rate lawyer. These pointed remarks drew forth a protest. Mr. Harris indignantly deed the apellations and challenged Mr. Holgate to point to a single incident in his (Harris') career that would instify such statements. He said that he found it difficult to refrain from using something stronger than words in

Dr. Weston raised the point that the legislative district was fixed by the state legislature, and can only be changed by the legislature. At the request of Mr. Holgate, a committee on credentials, consisting of Frank Hod-son, F. E. Da Pue and J. A. Wood, was appointed. The first two named presented a majority report refusing the delegates of the East district admission to the convention Mr. Wood presented a minority report granting them

S. L. Lacier, of Wilkes-Barre, Filed His Bond as Deputy Collector of the Third District-Many Applications for the Position of Peter Ginter as Chief Clerk - Collector Herring's Position Not Enviable,

S. L. Lacier, of Wilker-Barre, was in the city yesterday. Mr. Lazier has been deputy internal revenue collector of the Third district and his object in visiting the city yestesday was to file the great fair yet issued from any his bond and take out a new commis-

It must not be inferred from the foregoing that the new collector intends to retain the old attaches of the office. Of course, it is not expected that the changes will be made at once, but Mr. Herring has declared that it will require six weeks or two months to make all the necessary transfers, and pending the changes, the new collector wishes to have himself protected having everybody connected with the department take out new bonds and file them with him for the faithful performance of their duties.

APPLICANTS FOR POSITION. There are a score of applicants for the various positions, but the plum is the deputyship of the Second or Seran-ton district. This office, pays \$1,800 a year, and ex Commissioner W. J. Burke and his immediate friends are sanguine of that gentleman's appointment to that particular berth. There is one morning. Mr. Burke's friends endeavor to explain that away, but the friends of one other candidate assign as the reason that Mr. Robinson has already indorsed William Craig for the position and these latter confidently predict that the plum will fall in that gentleman's lap. Indeed it is reported on the best of authority that his appointment has been decided upon.

FOR ANOTHER POSITION. The position of chief clerk, that has been filled by Peter Ginter for several successive terms, will probably be

Charles E Daniels. The remains were warmed by a Democrat. When Mr. Ginter asked Mr. Herring as to the possibility of his retention it is reported that Mr. Herring's reply was "Peter, there is nobody looking for your position." Peter very unwisely circulated this story and now wanna and Western track at the Cliff the woods are full of Democrats, gunning for Peter's place. It would seem though, that when the offices are so full and the applicants so many Collector Herring's lot is anything but pleasant.

### TEACHERS' MONTHLY CONFERENCE.

To Be Held is Fature on the First Tuesday of Each Month. City Superintendent G. W. Mr. Phillips presided at a meeting of principals held yesterday afternoon at the board of control rooms in the city hall. The meeting was called by Mr.

Phillips for the purpose of discussing

and settling any questions that might arise or that might distress a teacher who attempted a solution. Mr. Phillips' idea is to solidify the system; to instruct the principals in the matter of school regulations so that they may impart it to the teachers in their buildings. A similar meeting will be held in future on the first Taesday in each month, and much good is
